The Watch

Meridian Defense Systems, LLC · $500 Whole Plan

Week of 13 October 2026

THIS WEEK'S SHORTLIST

312 items were on the list. 268 were set aside by rule and 5 are shortlisted for your team this week, with a 0–100 competition score on every research topic, R-2 budget movement in your program elements, weekly patent watch on you and your rivals, and your Congressional delegation and staff contacts.

	OPPORTUNITY	VERDICT	CLOSES
1	**Modular Counter-UAS Sensor Fusion & Low-SWaP Tracking (A26-041)** ARMY RCCTO · HUNTSVILLE · $1.8 million... Fits on counter-uas, sensor fusion, eo/ir; no sign of a preferred firm (18 of 100). Pre-release...	CHASE	6 Nov 2026
2	**NAWCAD (WOLF) Airborne & Fixed-Site Sensor Integration (ASI) Division...** NAVAL AIR SYSTEMS COMMAND · New this... Fits on sensor integration, c-uas, eo/ir; buyer already holds your active Navy task order.	CHASE	20 Oct 2026
3	**OPEN - Proliferated Low-Altitude Detection for C-sUAS...** USAF SBIR · AFRL SENSORS DIRECTORATE... Fits on c-suas, drone, network; no sign of a preferred firm (10 of 100). Direct-to-Phase-II...	CHASE	21 Oct 2026
4	**Autonomous Attritable Electronic Warfare & C-UAS Payloads...** AFRL SENSORS DIRECTORATE... Fits on ew, sensor, c-uas; $48M ceiling is sized for a prime, and two frequent AFRL primes lack...	TEAM	18 Nov 2026

268 Set aside

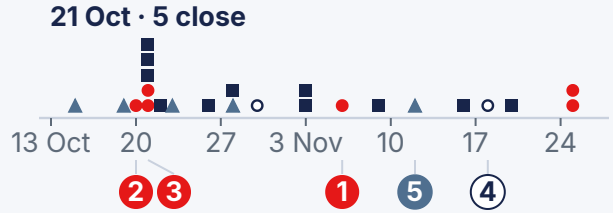

44 Kept

Look closer is the largest group: 21 of 44 kept items

● Chase **6** ▲ Respond **9** ■ Look closer **21** ○ Team **8**

5 of 44 kept items close on 21 Oct

24 of 44 kept items close by 27 Nov 2026. Not drawn: 20 closing later.

Your standing at your buyers

8(a) and HUBZone obligations since 1 Oct 2024. Bars: the company against each buyer's top firm.

Army RCCTO & ACC-Redstone no. 2
$8.4 million

AFRL Sensors Directorate no. 3
$4.9 million

NSWC Crane Division no. 4
$3.1 million

01 This week's shortlist

1 Modular Counter-UAS Sensor Fusion & Low-SWaP Tracking (A26-041)

CHASE

closes **6 Nov 2026**

ARMY RCCTO · HUNTSVILLE · $1.8 million Phase II ceiling

Fits on counter-uas, sensor fusion, eo/ir; no sign of a preferred firm (18 of 100). Pre-release TPOC window open. New this week · Pre-release until 28 Oct

WHO TO CALL **Dr. Marcus Vance marcus.d.vance.civ@army.mil**

2 NAWCAD (WOLF) Airborne & Fixed-Site Sensor Integration (ASI) Division Solicitation

CHASE

closes **20 Oct 2026**

NAVAL AIR SYSTEMS COMMAND

Fits on sensor integration, c-uas, eo/ir; buyer already holds your active Navy task order. New this week · Small Business Set Aside - Total

WHO TO CALL **Olivia Bossert olivia.e.bossert.civ@us.navy.mil**

3 OPEN - Proliferated Low-Altitude Detection for C-sUAS (DAF26BX06-DP027)

CHASE

closes **21 Oct 2026**

USAF SBIR · AFRL SENSORS DIRECTORATE · $2.0 million

Fits on c-suas, drone, network; no sign of a preferred firm (10 of 100). Direct-to-Phase-II call aligned with your Manassas RF subarray line. Direct to Phase II · Small Business

WHO TO CALL **Capt. Elena Rostova elena.rostova.1@us.af.mil**

4 Autonomous Attritable Electronic Warfare & C-UAS Payloads (FA8650-26-S-5012)

TEAM

closes **18 Nov 2026**

AFRL SENSORS DIRECTORATE · WRIGHT-PATTERSON · $48.0 million ceiling

Fits on ew, sensor, c-uas; $48M ceiling is sized for a prime, and two frequent AFRL primes lack a low-SWaP Ku-band subarray. Subcontracting target

WHO TO CALL **Jonathon Hecker jonathon.r.hecker.civ@us.af.mil**

5 **Expeditionary EW & Micro-Doppler Radar Signal Processing Sources Sought**

RESPOND

closes **12 Nov 2026**

NSWC CRANE DIVISION

Sources sought: names micro-doppler, radar, electronic warfare. Answering shapes the small-business set-aside decision. New this week | Sources Sought

WHO TO CALL **Rachel Stone rachel.stone.civ@us.navy.mil**

CHASE Fits, open, winnable on its face. **RESPOND** A request for information.

TEAM Go in under someone.

02 Your awards on the public record

USAspending API, read 13 Oct 2026: prime awards to Meridian Defense Systems, LLC that ended in the last 120 days or end in the next 180. Amounts are obligations to date.

Award	Last recorded action	Obligated	Period ends
W911QX24C0042: Multi-Modal Counter-sUAS Edge Sensor Node Meridian Defense Systems, LLC Army RCCTO · Huntsville	18 Aug 2026, P00006, incremental funding action, +$1.9 million	**$8.4 million**	**14 Dec 2026 (in 62 days)**
FA865025C1108: Low-SWaP Ku-Band Micro-Doppler Subarray Meridian Defense Systems, LLC AFRL Sensors Directorate	04 Jun 2026, P00003, exercise option period 1, +$2.4 million	**$4.9 million**	**28 Feb 2027 (in 138 days)**
N0016424C6019: Expeditionary Maritime EO/IR Tracking Gimbal Meridian Defense Systems, LLC NSWC Crane Division	12 May 2026, P00004, administrative closeout prep, +$0	**$3.1 million**	**19 Sep 2026 (passed)**
W56KGU25C0084: C5ISR Tactical Data Link & Sensor Netting Meridian Defense Systems, LLC Army ACC-Aberdeen	29 Jul 2026, P00002, supplemental agreement, +$650,000	**$1.8 million**	**30 Mar 2027 (in 168 days)**

- **W911QX24C0042, Multi-Modal Counter-sUAS Edge Sensor Node.** Period of performance ends 14 Dec 2026. Army RCCTO Topic **A26-041** (shortlist item 1, competition score 18/100) funds the next-generation modular processor in the same branch, and PE **0603135A** grew +1914% ($7.8M to $156.5M) in the FY27 budget request.
- **N0016424C6019, Expeditionary Maritime EO/IR Tracking Gimbal.** Ended 19 Sep 2026. NSWC Crane posted Sources Sought **N00164-27-SN-0014** (shortlist item 5, closing 12 Nov 2026) covering the successor expeditionary radar/sensor requirement.

03 Open SBIR and STTR topics that fit

Every open SBIR and STTR topic in your field is cross-checked against prior awards, published technical papers, and USPTO patent filings to score whether it was written with a specific incumbent in mind.

Topic	Verdict	Competition check	Closes
A26-041 · Modular Counter-UAS Sensor Fusion & Low-SWaP Tracking (Army RCCTO) Matches your EO/IR + radar edge processor; pre-release TPOC call window open until 28 Oct	CHASE	**18** of 100 no sign of a preferred firm; 4 distinct awardees in prior cycle	**6 Nov 2026**
DAF26BX06-DP027 · OPEN - Proliferated Low-Altitude Detection for C-sUAS (USAF) Direct-to-Phase-II call ($2.0M); fits your Ku-band micro-Doppler subarray	CHASE	**10** of 100 no sign of a preferred firm; broad commercial-derivative spec	**21 Oct 2026**
SOC26BZ06-DV006 · Resilient Integrated Photonic & RF Transport (SOCOM) Fits on tactical mesh and low-probability-of-intercept sensor backhaul	CHASE	**10** of 100 no sign of a preferred firm; no prior Phase I lock	**21 Oct 2026**
OSW27BZ01-DV002 · Counter-Unmanned Aerial Systems Rapid Maturation (OSD) Pre-release until 28 Oct: topic author may be contacted directly	CHASE	**16** of 100 no sign of a preferred firm; multi-award transition topic	**25 Nov 2026**

Topic	Verdict	Competition check	Closes
AF261-019 · High-Temperature Hypersonic Radome & Shared Aperture (USAF) Viable only if teamed with high-temp composite house holding AFRL MRL-6 baseline	TEAM	**54** of 100 some signs of a preferred firm; thermal cure spec matches 2024 IRAD paper	**18 Nov 2026**
N261-088 · Shipboard Optical Comms & C-UAS Gimbal Terminal (NAVSEA PMS 405) Wired for prior Phase II incumbent; do not spend prime B&P hours unless invited as sub	LOOK CLOSER	**84** of 100 strong signs of a preferred firm; 4.2 µrad pointing spec mirrors US Patent App. 18/412,904	**2 Dec 2026**

The competition check scores a topic from 0 to 100: the higher the score, the stronger the signs that it was written with a firm in mind. A low score is a cleaner field.

04 Pursuits under way

Multi-Modal Counter-sUAS Edge Sensor Node (Phase II Option / Phase III Bridge)

Option decision 14 Nov 2026

W911QX24C0042, PE 0603135A

Phase II prototype milestone 4 delivered at Yuma Proving Ground; RCCTO transition review scheduled (recorded 2026-10-10 in `Meridian_YPG_Test_Report_2026-10.pdf`).

75% complete, 6 of 8 deliverables accepted (recorded 2026-10-10)

COMPETITION CHECK — **18** of 100 — no sign of a preferred firm; follow-on topic A26-041 written around open modular architecture (MOSA) interfaces your node already meets.

05 Closing in the next 14 days

09 Labor ceilings on GSA schedules

GSA CALC small-business ceiling rates (read 13 Oct 2026) in SIN 541330ENG and 541715 beside Meridian Defense Systems' current MAS schedule rates.

Title	Small-business ceilings	25th	Median	75th	25th to 75th
Principal RF / Radar Systems Engineer	148 ceilings	**$168.00**	**$196.00**	**$234.00**	
Your schedule rate (MAS): $185.00 (below median by $11/hr)					
Senior Sensor Fusion Software Architect	212 ceilings	**$154.00**	**$182.00**	**$218.00**	
Your schedule rate (MAS): $179.00 (at market median)					
Embedded FPGA / DSP Firmware Engineer	119 ceilings	**$142.00**	**$165.00**	**$194.00**	
Your schedule rate (MAS): $148.00 (near 25th percentile — room to raise on option year)					
Field Integration & Range Test Engineer	184 ceilings	**$118.00**	**$136.00**	**$159.00**	
Your schedule rate (MAS): $134.00 (at market median)					
Program Manager (C5ISR / RDT&E)	265 ceilings	**$162.00**	**$189.00**	**$225.00**	
Your schedule rate (MAS): $184.00 (at market median)					

Range bars share one scale, $0 to $250. Each runs from the 25th to the 75th percentile of the ceilings; the red mark is the median.

10 Money in your field

Federal contract records through 2026-09-29 in Counter-UAS, tactical radar and sensor fusion.

Largest recent awards

Winner	For	Amount	Date

W S DARLEY & CO	8	$34.2 million
SRC INC	8	$27.9 million
MERIDIAN DEFENSE SYSTEMS, LLC	4	$16.4 million

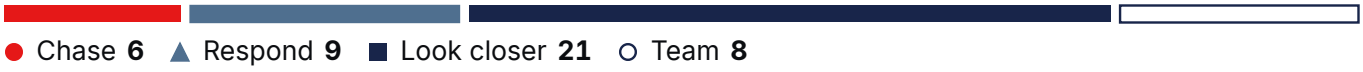

11 What we set aside, and why

Since the first brief on 2026-09-28, each item counted once

328
Items judged

284
Set aside

44
Kept

● Chase **6** ▲ Respond **9** ■ Look closer **21** ○ Team **8**

Closed or no longer listed is the main reason: 104 of the 268 set aside this week (39%)

Closed or no longer listed	104	39%
Outside the company's field	98	37%
Could not be verified	38	14%
Too late to start	15	6%
Set aside for firms the company is not	11	4%
Already spoken for	2	1%

The count by reason since the first brief: appendix (A2).

Already spoken for. These matched your field. Bidding on them would have cost you the time and not the win.

- N66001-27-Q-6005 — Notice of Intent to Sole Source to Vantage Associates, Inc. for Shipboard Radome Assemblies: the agency has said it will buy from one named source.
- W56KGU-26-R-0091 — Sole-Source Bridge Extension for AN/TPQ-53 Counterfire Radar Sustainment: sole-source action to the incumbent OEM.

12 Budget movement in your field

President's Budget for fiscal 2027 (OSD Comptroller R-2 and P-40 exhibits). Where 6.3 and 6.4 lines are growing is where SBIR Phase III bridge funding is available.

Program	Service	Fiscal 2026	Asked for fiscal 2027	Change	Asked last year for fiscal 2026
Counter - Small Unmanned Aircraft Systems (0205401JCA, research and development)	The Joint Staff	$0.0 million	$580.3 million	new	not on file
JT TACTICAL RADIO SYSTEM (JTRS) (0604280N, research and development)	Navy	$330.9 million	$409.3 million	▲ +24%	$289.3 million
Counter Small Unmanned Aerial Systems (C-SUAS) Advanced Tech (0603135A, research and development)	Army	$7.8 million	$156.5 million	▲ +1914%	$7.8 million

Program	Service	Fiscal 2026	Asked for fiscal 2027	Change	Asked last year for fiscal 2026
Joint Tactical Network (JTN) (0605031A, research and development)	Army	$41.7 million	$50.4 million	▲ +21%	$41.7 million
Counter Small Unmanned Aerial Systems (C-SUAS) Applied Research (0602135A, research and development)	Army	$12.6 million	$26.5 million	▲ +110%	$12.6 million
Counter Unmanned Aircraft System (C-UAS) (0604636N, research and development)	Navy	$16.7 million	$20.8 million	▲ +25%	$16.7 million
Counter - Small Unmanned Aircraft Systems Sys Dev & Demonstr (0605531A, research and development)	Army	$54.1 million	$0.7 million	▼ -99%	$55.2 million

The bar under each “Asked for fiscal 2027” figure is that figure against the largest in the table, $580.3 million. ▲ more than this year, ▼ less.

13 Weekly patent watch and new patents in your field

USPTO file wrapper, assignment and weekly publication feeds through 2026-10-08.

Your applications and action deadlines (Meridian Defense Systems, LLC)

- **US Application 18/670,239 — Multi-Band Micro-Doppler Classification of Group 1–3 sUAS.** Non-Final Office Action mailed 12 Aug 2026; **3-month shortened statutory reply deadline is 12 Nov 2026 (29 days remaining)** before extension fees accrue.
- **US Patent 11,982,410 — Low-SWaP Conformal Ku-Band Phased Subarray.** Granted 21 May 2025; active, assignment recorded under Meridian Defense Systems, LLC; government license clause cites AFRL contract FA8650-22-C-1091.

Jerry Moran R Senator, KS	**since 5 Jan 2011** 15.7 years, 3 terms in Congress since 7 Jan 1997	**2022: won by 23.0 pts** 60.0% to 37.0% over Mark R. Holland (D)	not up in 2026 (term ends 3 Jan 2029)
Committee seats: Appropriations [Agriculture, Rural Development, Food and Drug Administration; Commerce, Justice, Science (Chairman); Defense; Labor, Health and Human Services, and Education; State, Foreign Operations; Transportation, Housing and Urban Development]; Commerce, Science, and Transportation [Aviation, Space, and Innovation (Chairman)].			
Roger Marshall R Senator, KS	**since 3 Jan 2021** 5.7 years, 1 term in Congress since 3 Jan 2017	**2020: won by 11.4 pts** 53.2% to 41.8% over Barbara Bollier (D)	**PVI R+8** Incumbent renominated
On the 2026 ballot: David Graham (L), Adam Hamilton (D), Roger Marshall (R).			

The bar is the last margin on one scale for every row, full at 50 points: a short bar is a close seat, and one under 5 points is marked. PVI is the Cook Partisan Voting Index as the race file prints it.

Who to call

The Senate SOS rows are as of 31 Mar 2026, 197 days before this page and past the 120 days this page allows without a warning: a person listed may have moved on, and a person hired since is not here.

For each member: the chief of staff, and the legislative staff whose title in the staff directory names one of this company's lanes (defense, military, national security, armed services, appropriation, homeland security, spectrum), with the word that matched. Where no title does, the legislative director is listed and marked as the fallback. At most 3 lane matches are listed for one office; more are counted. Names and titles are as the payroll records print them, and House titles are cut at 30 characters in the source. The phone is the member's Washington office line from the member file of 4 Sep 2026. Email addresses are built from the

name on the payroll record and the chamber's address pattern (first.last@mail.house.gov; First_Last@senator.senate.gov).

Who	Title, and why listed	Email	Source, as of

How each district was found

- **VA-08**: Resolved 13 Oct 2026 for 4850 Eisenhower Ave, Alexandria, VA 22304: Census geocoder point for the address (38.8033 N, 77.1183 W) placed in the Census Bureau's 119th Congress district outlines; SAM.gov registration lists VA-08.
- **VA-03**: Resolved 13 Oct 2026 for 803 Front St, Norfolk, VA 23510: Census geocoder point for the address (36.8468 N, 76.2982 W) placed in the Census Bureau's 119th Congress district outlines.
- **KS-03**: Resolved 13 Oct 2026 for 17501 W 98th St, Lenexa, KS 66219: Census geocoder point for the address (38.9517 N, 94.7892 W) placed in the Census Bureau's 119th Congress district outlines.

On the record

What each member above has done on a bill listed below, and said on the floor on the subject since 3 Jan 2025, in the Record's words. A member is marked for or against an initiative only by a recorded action on a bill that a person has listed, with the reason, under it. Remarks carry no mark. Hearing statements are not shown: the library has been seen to file a witness's written answer under the member who asked the question, so a hearing passage cannot be given to a member with confidence.

Counter-UAS & air defense sensors

No bill has been listed under this initiative yet, so no member is marked.

Jerry Moran R KS Senate

> Amendment text in the Record under the member's name that names the subject: Text of Senate Amendment 6315 (24 Jun 2026).

2 other passages in the Record under these members' names name the subject in words that are not the member's own, or could not be confirmed as such. They are not shown.

Tactical communications & mesh networking

No bill has been listed under this initiative yet, so no member is marked. None of the members above is on the record on it in the period.

3 other passages in the Record under these members' names name the subject in words that are not the member's own, or could not be confirmed as such. They are not shown.

Sources. Members, terms and committee seats: Odysseus congressional file of 4 Sep 2026. Last margins: House, Wikipedia 2024 House election state pages (parsed); Senate, MIT Election Data + Science Lab, U.S. Senate 1976-2024 (v8, 2026-05); file of 11 Oct 2026. 2026 races (PVI, status, candidates): Wikipedia's 2026 House and Senate election tables, file of 11 Oct 2026. The file holds no race rating, so none is shown. District and state outlines: Census Bureau, 119th Congress (cb_2024_us_cd119_500k), file of 4 Sep 2026. Floor remarks: Congressional Record, attributed to members by Odysseus, through 9 Oct 2026; bills and roll calls: the congressional library, read 14 Oct 2026. Office staff: House SOD DETAIL Apr-Jun 2026, member personal offices (as of 30 Jun 2026) and Report of the Secretary of the Senate S. Doc. 119-6, senators' personal offices (as of 31 Mar 2026), as imported into Odysseus's contacts on 4 Sep 2026 (House SOD is the House Statement of Disbursements; Senate SOS is the Report of the Secretary of the Senate); emails built from the payroll name and the chamber's address pattern; office lines: the member file of 4 Sep 2026. None of the file's members has a leadership post recorded, so none is shown. Where the company's work is performed: not shown. The brief's award records carry the city and state of performance, not the congressional district, and a city is not one district.

APPENDIX

What was and was not checked, the full tables, and how the figures were counted.

A1 What was and was not checked

- Your awards and later awards for the same work: read; USAspending API, read 13 Oct 2026; 4 prime contract awards on record, $16.4 million obligated.
- Open contract notices and points of contact: read; 74,501 SAM.gov active notices posted through 13 Oct 2026.
- Competition check: complete on every open SBIR and STTR topic shown (cross-checked against prior SBIR awards, IEEE/DTIC technical papers, and USPTO patent claims).
- Buyer standings and expiring competitor awards: read; USAspending API and local spending archive through 29 Sep 2026.
- GSA labor ceilings: read; GSA CALC ceiling rates as of 13 Oct 2026.
- Budget movement: read; President's Budget for fiscal 2027 (OSD Comptroller R-2 and P-40 exhibits).
- Patent watch: read; USPTO file wrapper, assignments, grants and published applications through 8 Oct 2026.

- Congressional delegation and staff contacts: read; Odysseus congressional file of 4 Sep 2026, 3 districts (VA-08, VA-03, KS-03), 7 members; 7 of 7 offices matched in House SOD and Senate SOS payroll directories.

A2 Running tally: the count by reason

Since the first brief on 2026-09-28, each item counted once.

Metric	Items
Judged	328
